

TRANSPORT EMERGENCY CARD - Road Transport

In accordance with SANS 10232-4

PROPER SHIPPING NAME

PYRETHROID PESTICIDE; LIQUID; TOXIC.

APPEARANCE

Liquid; Pale yellow; Perceptible odour.

DANGER

Harmful if swallowed. Harmful in contact with skin. Harmful if inhaled. Causes severe skin burns and eye damage. May cause respiratory irritation. May cause drowsiness or dizziness. May be fatal if swallowed and enters airways. May cause damage to organs through prolonged and repeated exposure. Flammable liquid and vapour. Toxic to aquatic life with long lasting effects.

PERSONAL PROTECTIVE EQUIPMENT

Protective goggles or face shield. Protective gloves. Protective shoes. Eyewash bottle with clean water. Respiratory safety device that will allow driver to escape.

EMERGENCY RESPONSE EQUIPMENT

Dry chemical or CO₂. Positive-pressure self-contained breathing apparatus (SCBA). Sand or other absorbent. Shovel.

UN Number	3352
Class	6.1
Subsidiary Risk	
Packing Group	III
ERG Number	131

DRIVER FIRST ACTIONS - Contact emergency services. Keep upwind. No smoking. Keep unauthorized personnel away.

DRIVER SPECIAL/ADDITIONAL ACTIONS - Stop leak if you can do it without risk. Eliminate all ignition sources (no smoking, flares, sparks or flames in immediate area). Prevent runoff from entering water courses; sewers and basements.

DRIVER ACTIONS IN CASE OF FIRE - CAUTION: All these products have a very low flash point: Use of water spray when fighting fire may be inefficient. Fight fire from maximum distance or use unmanned hose holders or monitor nozzles. For massive fire, use unmanned hose holders or monitor nozzles; if this is impossible, withdraw from area and let fire burn.

FIRST AID

In case of contact with material; immediately flush skin or eyes (or both) with running water for at least 20 minutes. Move victim to fresh air. Give artificial respiration if victim is not breathing. Remove and isolate contaminated clothing and shoes. Effects of exposure (inhalation, ingestion or skin contact) to substance may be delayed.

SPECIAL INFORMATION FOR EMERGENCY SERVICES

Fire will produce irritating, corrosive and/or toxic gases. Vapors may cause dizziness or suffocation. Most vapors are heavier than air. They will spread along ground and collect in low or confined areas (sewers, basements, tanks).

ADDITIONAL INFORMATION

Company Name: Enviro Bio-Chem (Pty) Ltd
Trade Name: Attacke (Reg. Number: L7669 Act 36 of 1947)
